Weight of parts produced (t)	Production weight Unit: metric tons	814,677 metric tons		Quantitative	TR-AP-000.B
Area of manufacturing plants (sqm)	Based on the area of the factory as stated in the Factory Registration Certificate.	435,449.84 sqm		Quantitative	TR-AP-000.C

Note 1: Disclosure should include discussions of major recalls, such as recalls that affect a large number of vehicles, multiple models, or recalls related to serious injury or death.

Note 2: Entities should describe their initiatives for obtaining scrap products and components for remanufacturing, including product recycling programs.

Note 3: The entity should provide a brief description of the nature, background, and any corrective actions taken as a result of the monetary losses.

United Nations Global Compact comparison table

Classification	10 Principles	Report content or description	Page
Human Rights	Businesses should support and respect internationally proclaimed human rights.	Cheng Shin should support and respect internationally proclaimed human rights. For details, please refer to "Human Rights Policy and Labor-Management Relations" in this report.	86
	Guarantee not to be complicit in human rights abuses.	Cheng Shin focuses on supplier hiring and training, health, safety, and environment, anti-corruption, and complies with various international conventions and local Labor Standards Act.	50~52
Labor Standards	Businesses should support freedom of association and the effective recognition of the right to collective bargaining.	Cheng Shin respects the employees' right to free association and regularly holds labor-management meetings to ensure smooth communication between the two parties.	85~86
	Prohibition of All Forms of Forced and Compulsory Labor	Cheng Shin's Prohibition of All Forms of Forced and Compulsory Labor	85~86
	Effectively prohibit child labor	Cheng Shin strictly prohibits child labor. For details, refer to Cheng Shin's "Work Rules"	85~86
Environment	Elimination of discrimination in employment and occupation	Cheng Shin's Elimination of discrimination in employment and occupation	85~86
	Businesses should support a precautionary approach to environmental challenges	Cheng Shin follows the TCFD framework to disclose climate change-related risks, and formulates corresponding goals and strategies for risk management.	57~61
	Initiatives to promote more environmentally responsible practices	Cheng Shin includes environment-related indicators in supplier screening and increases the proportion of local procurement to mitigate the environmental impact of procurement.	50~53
	Encourage the development and diffusion of environmentally friendly technologies	Cheng Shin continues to develop high-performance, lightweight, low rolling resistance, safety, and smart tires, and actively invests in the use and R&D of innovative sustainable materials.	43~44
Anti-Corruption	Businesses should work against corruption in all its forms, including extortion and bribery	In accordance with the Ethical Corporate Management Best Practice Principles for TWSE/GTSM Listed Companies, Cheng Shin has formulated Integrity Management Procedures and Code of Conduct, Rules of Procedure for Board of Directors Meetings, Procedures for Preventing Insider Trading, Regulations Governing the Handling of Material Non-Public Information, Employee Work Regulations, Related Party Transactions, Establishment of Commercial Contracts, Internal Control Systems, etc. These measures are in place to ensure the implementation of ethical business practices.	28~29

Independent Limited Assurance Report

To **CHENG SHIN RUBBER IND. CO., LTD.**

We have been engaged by **CHENG SHIN RUBBER IND. CO., LTD.** (“Company”) to perform assurance procedures in respect of the key performance indicators identified by the Company and reported in the 2024 Sustainability Report (hereinafter referred to as the “Identified Key Performance Indicators”) and have issued a limited assurance report based on the result of our work performed.

The subject matter information is the Identified Key Performance Indicators of the Company. The Identified Key Performance Indicators and the respective applicable criteria are stated in the “Summary of Subject Matter Assured” of the Sustainability Report. The scope of the aforementioned Identified Key Performance Indicators is set out in the “Scope and Boundary” of the Sustainability Report.

Management’s Responsibility

The Management of the Company is responsible for the preparation of the Identified Key Performance Indicators disclosed in the Sustainability Report in accordance with the respective applicable criteria. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation of the Identified Key Performance Indicators that are free from material misstatement, whether due to fraud or error.

Inherent Limitations

Certain subject matter information assured involves non-financial data which is subject to more inherent limitations than financial data. Qualitative interpretations of the relevance, materiality and the accuracy of data are more dependent on individual assumptions and judgments.

Compliance of Independence and Quality Management Requirement

We are independent of the Company in accordance with the Norm of Professional Ethics for Certified Public Accountant of the Republic of China, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

Our firm applies the Standard on Quality Management 1, “Quality Management for Public Accounting Firms” of the Republic of China, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Our Responsibility

Our responsibility is to express a limited assurance conclusion on the Identified Key Performance Indicators based on the procedures we have performed and the evidence we have obtained. We conducted our limited assurance engagement in accordance with the Standard on Assurance Engagements 3000, “Assurance Engagements other than Audits or Reviews of Historical Financial Information” of the Republic of China. This standard requires that we plan and perform this engagement to obtain limited assurance about whether the Identified Key Performance Indicators are free from material misstatement.

Under the requirements of the aforementioned standards, our limited assurance engagement involves assessing the suitability in the circumstances of the Company’s use of the criteria as the basis for the preparation of the Identified Key Performance Indicators, assessing the risks of material misstatement of the Identified Key Performance Indicators whether due to fraud or error, responding to the assessed risks as necessary in the circumstances and evaluating the overall presentation of the Identified Key Performance Indicators. A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

The procedures we performed were based on our professional judgment and included inquiries, observation of processes performed, inspection of documents, and agreeing or reconciling with underlying records.

Given the circumstances of the engagement, in performing the procedures listed above, we:

- Made inquiries of the persons responsible for the Identified Key Performance Indicators to obtain an understanding of the processes, and the relevant internal controls relating to the preparation of the aforementioned information to identify the areas where there may be risks of material misstatement; and
- Based on the above understanding and the areas identified, performed analytical procedures on the Identified Key Performance Indicators and performed substantive testing on a selective basis, including inquiries and inspection to obtain evidence for limited assurance.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express a reasonable assurance opinion about whether the Company’s Identified Key Performance Indicators have been prepared, in all material respects, in accordance with the respective applicable criteria.

We also do not provide any assurance on the Sustainability Report as a whole or on the design or operating effectiveness of the relevant internal controls. Furthermore, our assurance does not extend to information disclosed in the Sustainability Report for the period ended December 31, 2023 or prior periods.

Limited Assurance Conclusion

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the Identified Key Performance Indicators in the Sustainability Report are not prepared, in all material respects, in accordance with the applicable criteria.

Other Matter

The Management of the Company is responsible for maintaining the Company's website. We have no responsibility to re-perform any procedures regarding the Identified Key Performance Indicators after the date of our assurance report, even if the Identified Key Performance Indicators or the applicable criteria have been subsequently modified.

Lai, Chih-Wei

For and on behalf of PricewaterhouseCoopers, Taiwan

August 12, 2025

For the convenience of readers and for information purpose only, the independent practitioner's report has been translated into English from the original Chinese version prepared and used in the Republic of China. In the event of any discrepancy between the English version and the original Chinese version or any differences in the interpretation of the two versions, the Chinese-language independent practitioner's report shall prevail.
